Learning is a process that cannot be confined within the hours from 9:00 A.M. to 3:00 P.M.; it extends into the late afternoon and sometimes far into the blueness of the night. School is not merely class-work: play rehearsals and public performances, team sports and tournaments, and parties and proms - they, too, are learning.

The HALISCOPE Staff hopes that this yearbook symbolizes the spirit of H.C.H.S. through picturing the process of learning.

Marie,

It has been nice having you in my boom room. You are a very sweet person. Good luck to you in the future

Love,

DEDICATION

We are proud that we could be associated with a man who gives willingly of his time and effort to his students, his friends, and to Halifax County High School.

Mr. Fitz has taught most of us in his English or journalism classes. Somehow, under his instruction logical sentence construction no longer was a mystery. Shakespeare became an author who was read with interest--even excitement, and the jargon of journalese became second nature to us.

But it is not only in the classroom that we know Mr. Fitz. In addition to his sponsorship of the HALISCOPE and the Star, he directed Time Out For Ginger, "The Valiant," and "Antic Spring." He also is faculty advisor to two of our honor societies, Thespian Troupe 1418 and the Douglas Freeman Chapter of Quill and Scroll.

And he has been our friend, one to whom we could always go for advice when we needed it, one who was ever ready to listen to our problems.

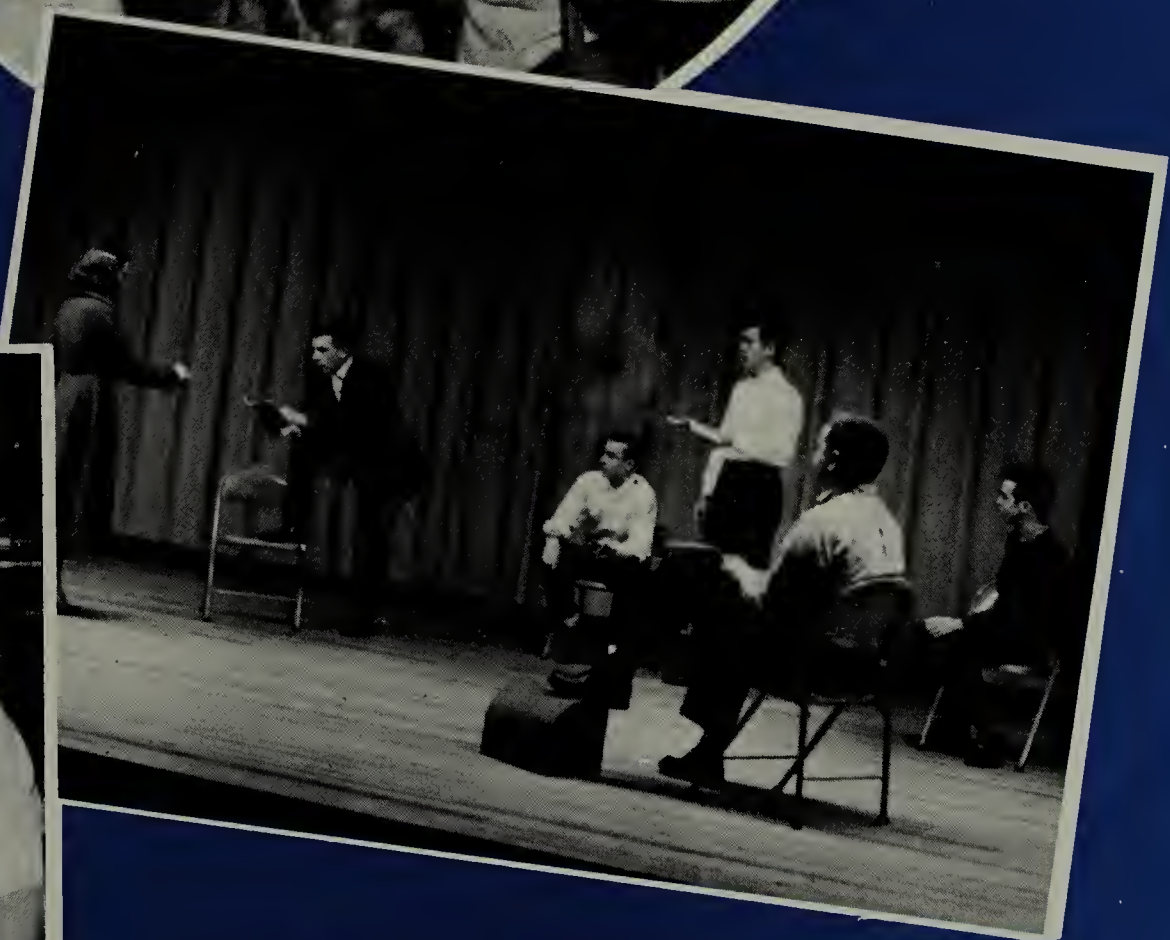

So in the spirit of true appreciation, we dedicate the 1957 HALISCOPE to Mr. Richard J. Fitz, Jr.

Mr. Fitz helps Gerald Burton lay out the sports section of the HALISCOPE.

The class listens attentively while Mr. Fitz discusses Macbeth.

The cast of the "The Valiant," under the direction of Mr. Fitz, rehearses a scene.

ADMINISTRATION

A teacher's work day does not end with the dismissal of students at 3:10. Instead, members of the faculty devote much of their time in the late afternoon, at night, and on Saturdays to their pupils.

Faculty members serve as sponsors and coaches for the clubs and athletic organizations of H.C.H.S. Class plays and assemblies are directed by teachers. Staff members attend night classes from the extension division of the University of Virginia working for higher degrees and learning the latest theories of education.

Student publications are directed by a faculty advisor. The bands, under the leadership of our

band director, perform in parades, field shows, and concerts; and the Choral Club presents many musical programs---it, too, is headed by a faculty member.

The annual Science and History fairs are sponsored by the faculty who assist with student research. The administration is always available for student counseling and guidance.

All these things plus the usual duties of preparations for tomorrow's lesson and grading papers are the work of the faculty---a group of men and women who love their work and their pupils.

The office secretaries, Jean Reeves and Peggy Loftis, seem to be really enjoying their work.

Mr. Swanson is checking over the monthly food records with Mrs. Clark.

Although they're teachers during the day, they're students at night. These teachers are taking a course on tests and measurements from the extension division of the University of Virginia.

HALIFAX COUNTY SCHOOL BOARD

Members of the Halifax County School Board are, from left to right, Mr. Howard Anderson, Mr. James Rowan, Mr. Arthur Tuck, Mr. Roy Davis, Jr., Mr. G.F. Mitchell, Chairman, Mr. Walter Blain, Mr. R.E. Armstead, Mr. Henry Hardy, and Mr. Armstead Traynham.

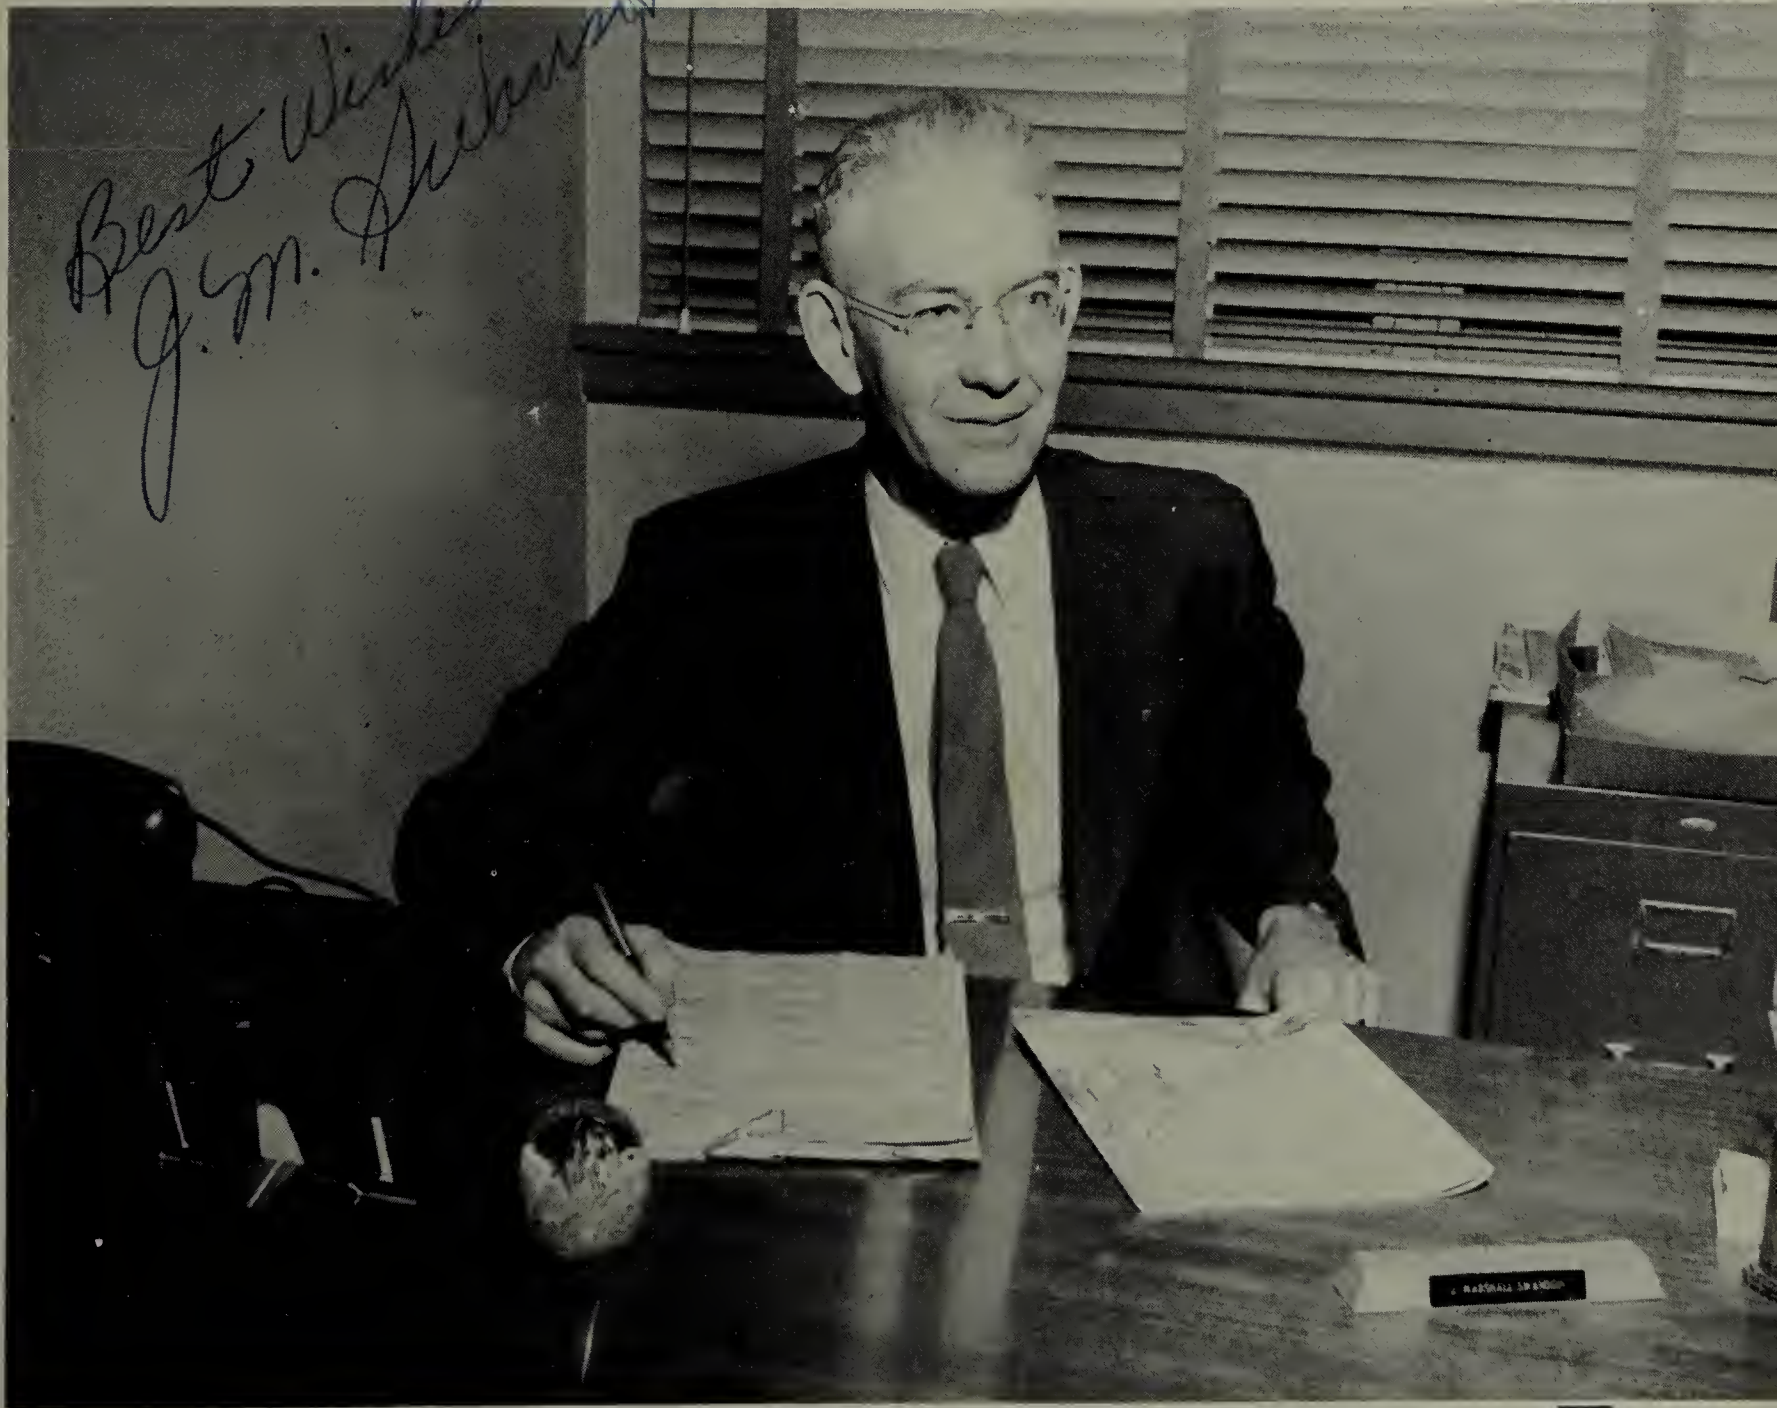

OUR PRINCIPAL

Halifax County High School shares her youth with that of her students. You are building the traditions of your Alma Mater. Youth moves rapidly into age and maturity. Teen-age culture quickly changes. Memories fade. Look back on these days and laugh or cry as you remember them. They are good days and there are many of them.

To you of our graduating class there is a choice among fabulous opportunities. Make your choice and give it your best. You must not do less. Homemaker, military service, college, farm, shop, office, in the production line, or what ever career you enter, my keen interest and high hopes go with you.

CLASSES

Editor . . . Lorene DeJarnette

Classrooms were the scenes of various high school experiences--entertaining and pleasant, sometimes discouraging, always profitable. Each of the five classes contributed its comedians, athletes, beauty queens, and scholars who, with co-operation, patience and understanding, created, in four years, an institution which stands out in the minds of students, teachers, and parents.

Every class had a job, and with its capable officers and sponsors, the students worked during the day and often late at night to perform their duties.

Mr. Crews seems to have quite an inquisitive History II class.

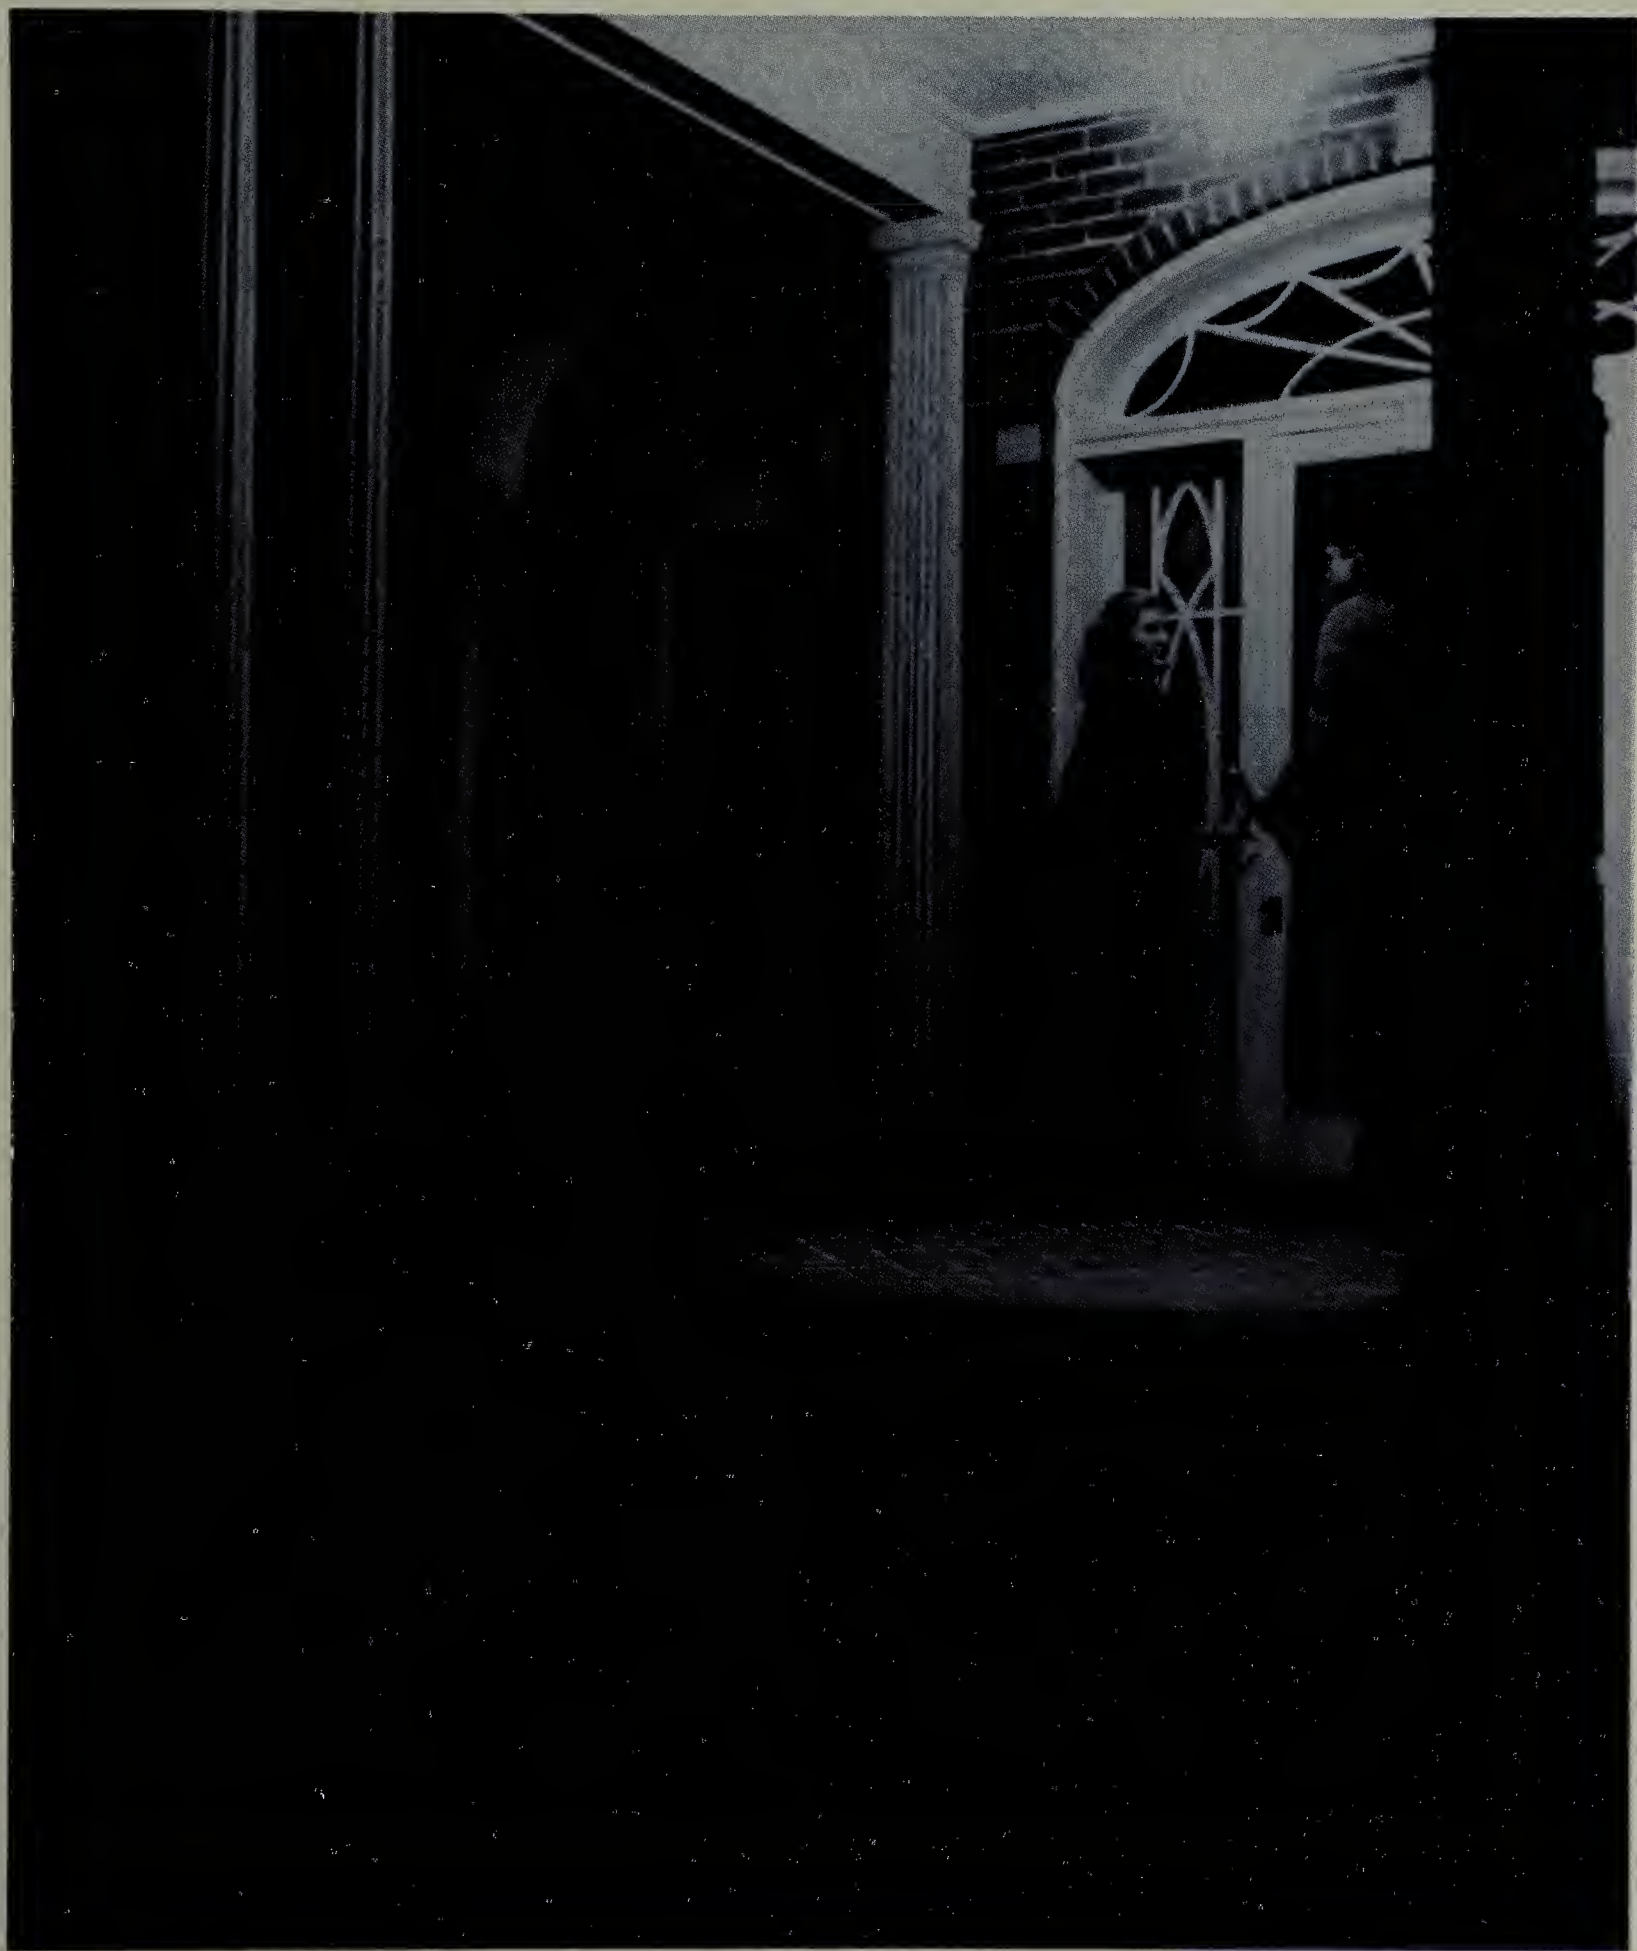

Any night one entered the halls of H.C.H.S. he heard sounds from the Students Activities room or from the gym. Students were busily working on an assembly, play, school publication, or engaged in an athletic event.

Certainly, there is more to school than studies. Students share in experiences, laughter, and work which help mold their characters and which linger with them year after year.

In the following pages you will see the faces of H.C.H.S. students, but you'll never know them until you, too, walk the halls with these students and share in their experiences.

Students in this first year typing class take weekly speed tests to increase their proficiency.

Seniors LaVerne Collier and Johnny Towler are joining in the Senior Birthday Calendar campaign.

CLASSROOM

VIEWS

Mr. Willie Jones, ninth grade civics teacher, keeps his class entertained with another of his "tall stories."

While most of Mrs. Vera Remsburg's biology students study the use of the microscope, two front row students find the photographer a more interesting study.

Members of the boys' home economics class don't believe in the old saying that too many cooks spoil the broth. As some of the boys whip up the batter, others raid the refrigerator for needed ingredients.

ACTIVITIES

Editor - Hallie Torian

It is the ambition of most of the students of H. C.H.S. to belong to at least one of the seventeen clubs and organizations which this school boasts. Each one wants to belong so that he can share in the fun, can participate in activities, and can learn by working with others.

At H.C.H.S., clubs are blended well with class-work, so that not an excessive amount of time is taken from any class to attend a club meeting. Many times the organizations find it necessary to meet at night, or sometimes to have social

events, such as dances, banquets, and parties.

Some amount of good is derived from each organization at H.C.H.S.. The S.C.A. spreads good will throughout Halifax County through its Christmas gift program; the two language clubs give their members a better understanding of foreign countries; our D.E. and D.O. clubs provide first hand working experience; and each of the others has a specific purpose.

We at H.C.H.S. who know the enjoyment and benefit of our organizations feel proud to participate.

Harriett Yancey, president of the National Honor Society, pins Peggy Francisco, a new member.

Carol Conner checks Patsy Cole's name off the list as she votes for the candidate of her choice during the class elections.

In a night work session, each member of the HALISCOPE staff plans the layout of his particular section.

HONOR

Honor students at Halifax County High School are recognized by four national honor groups.

Juniors and seniors, who are outstanding in Scholarship, Leadership, Character, and Service, are honored by being tapped into the National Honor Society.

The Junior National Honor Society, which has the same qualifications as the National Honor Society, recognizes eighth graders, freshmen, and sophomores who have excelled in these fields.

The Douglas Freeman Chapter of Quill and Scroll is the honor society at Halifax County High School for the recognition of outstanding high school journalists. Members of the staff of the school paper and the yearbook staff who meet the standards of ability, application, and scholarship are eligible for membership if they have done exceptional work on one of these publications.

The National Thespian Society is devoted to the advancement of dramatic arts. At Halifax County High School, Troupe 1418 acknowledges distinguished actors, actresses, and "behind the scenes" workers.

Harriett Yancey, president of the National Honor Society.

John Towler, president of Quill and Scroll.

Billy Owen, president of the Junior National Honor Society.

Betty Elliott, editor-in-chief

We, as a staff, have worked tirelessly; but we have enjoyed every minute of it. We hope that you, too, will enjoy the 1957 HALISCOPE.

Identifying group pictures, drawing layouts, typing copy, proofreading, and selling advertisements were only a few duties which took hours of our after school time. All too often when we were nearly through someone (usually Betty) would groan "somebody goofed! They put a Conner in the middle of the Gravittes!"

However, planning and editing the 1957 HALISCOPE has been one of the happiest experiences of our high school life; and not any of it would have been possible without the help of our advisor, Mr. Richard Fitz.

GILLIAM GUIDES PAPER TO SUCCESS

Tommy Gilliam was the "guiding light" for the 1956-'57 Star. He unselfishly spent much of his time working to insure the success of the Star. In addition to his duties as editor-in-chief, Tommy served as staff photographer.

FIRST TOP HONOR PAPER HAS WON

For the first time in its four year history, the Star won a Medalist Award, the highest honor possible, at the Columbia Scholastic Press Association in New York.

A completely new staff this year changed the Star's pages into pictures of perfection to make this medalist rating possible.

More pictures adorned the Star's pages, while interesting columns and editorials attracted many readers to the editorial page.

The sports pages added much to the 1956-'57 Star, and additional help came from the wide experience of Mr. Richard J. Fitz, Jr., Star advisor.

Halifax County High School is proud of its band and the progress it has made during the four years since its organization.

The band under the direction of Mr. Archie Brown has received recognition throughout the State. It received an excellent rating at the District Music Festival in March, was recognized as a band with great showmanship when it performed during the halftime of the U. Va.-V.M.I. football game, and was honored by being asked to present the half-time activities at the Hampton-Sydney homecoming game.

H.C.H.S.'s Comet Band is composed of approximately ninety-two advanced musical students. The eight prancing majorettes and the four high-stepping lettergirls add spice and glamour to the public appearances.

CADET BAND

Cadet Band members were stepping high when they made one of their first public appearances this year at the George Washington-Halifax County High School football game.

This band, composed of approximately 38 students, is not yet advanced enough for its members to perform with the Comet Band; but these students are working diligently to attain that goal.

Patricia Perkins, drum majorette, directs the band during the parades while Mr. Archie Brown, director, stands by and proudly observes the spectacle which the band creates.

This page has been sponsored by U. S. OIL COMPANY of South Boston and BOTTLED GAS COMPANY of South Boston.

BEGINNERS BAND

"One, two, three, four, and play," are the words that one might have heard when he entered the bandroom during third period at the beginning of this year. These students were blowing or beating a musical instrument for the first time, and their eagerness to learn changed the horrid "toots" into flowing musical sounds.

H.C.H.S.'s Beginners Band is composed of approximately 64 students who with practice and marching preciseness are eligible to later advance to the Cadet or Comet Band.

Mr. Archie Brown, band director, listens to L. C. Fisher's "big blow."

Members of the Beginners Band are, first row, left to right, Royster, Wilkerson, Warren, Clay, Puryear, Holt, Howell, Roark, Smith, and Waldon. Second row, left to right, Eudy, White, Douglas, J. LIBRARY CLUB

To encourage a greater interest among the students in libraries and library service, to stimulate reading interests, and to improve the library work as a career are the purposes of the Library Club.

From time to time during the school year the Library Club visits libraries in other schools to observe other systems.

The Club also sponsors a popularity contest each year to elect Miss H.C.H.S. The proceeds from this contest help buy books and supplies which benefit all H.C.H.S. students.

The Club is composed of the girls who work in the library each period during the day.

The boys in the Audio-Visual Club receive no medals or trophies. They are learning to serve and to give of their time with no ulterior motive.

DEBATE TEAMS

"Resolved that the federal government should sustain the prices of major agricultural products at not less than ninety per cent parity" was the topic for debate this year for the H.C.H.S. debate team. Although the only outside debate was at the District Forensics Meet in Dancille this spring, the team practiced by debating with members of the speech arts class and the junior team.

To train one to analyze any controversial question, to teach one to speak effectively, and to prepare one to think while on his feet were the goal which the team strived for during the year.

Members of the Junior Debate Team are, standing, left to right, Barbara Day, Stella Marilla, and Louise Watkins. Sitting, left to right, are Frances Page Loftis, Ann Bailey, and Eleanor Jones.

Senior Debate Team members are, left to right, Henry McLaughlin, Betty Lou Anderson, Tony Michaels, and Larry Harmon.

As a result of the Halifax County Safety Council's discussion of teen-age drivers last year, the Student Safety Council was started under the direction of Mrs. Mary McLaughlin.

The highlight of the Council's program was a full day assembly on Wednesday, November 29, 1957. Each class at H.C.H.S. had a special program with guest speakers from the Division of Motor Vehicles in Richmond. Students also spoke.

The aim of the Student Safety Council of H.C.H.S. is to insure safety in the halls, on the highways, and in the school's parking lots.

SCIENCE COUNCIL

Visiting local points of scientific interest and having an Atomic Energy Week are included on the activities calendar of the Science Council.

The Science Club's purpose is to develop future scientists by encouraging students to experiment and to develop new ideas. Interest in science, particularly in school, and also in the country as a whole, is emphasized by this club.

The H. C. H. S. Science Club has won recognition by having a representative at the National Science Fair, and by having the president of the Virginia Academy of Science from this club.

This year the greatest accomplishment of the National Junior Classical League was the fact that it is one of the largest organizations in school, with approximately one hundred and forty members.

At least one banquet is given each year, and there are several meetings during the year when only French is spoken. The French Club has several luncheons in the cafeteria when the members speak only French.

To further the knowledge of students concerning the Spanish speaking peoples, and to enlighten the students about the people in neighboring countries are the main objectives of the Spanish Club.

The club usually has three socials a year to promote good feeling among Spanish students. The last is usually in conjunction with the French Club.

All students who take first or second year Spanish are eligible for the club. The students take an active part in the work of the club and transact all the business.

FUTURE TEACHERS OF AMERICA

Future Teachers of America is an organization to further the interest of junior and senior students in the field of teaching.

Each student must have at least fifty practice teaching hours during a school year. To gain these hours, each member must do practice teaching or at least one hour's work for one of his teachers each week. These fifty hours go on the student's FTA record in college.

The club officers are as follows: Bob Terry, president; Jordan Hudson, vice-president; Dorothy Anne Sizemore, secretary; Lorene DeJarnette, treasurer; Maxine Jennings, historian; and Mildred Murray, librarian.

VOCATIONAL OFFICE TRAINING

Senior students who intend to work in an office after graduation from high school, and who are trained in typing, shorthand, and bookkeeping, may enroll in Vocational Office Training. The second semester of the senior year is a period of part-time on-the-job training that requires the student to work a minimum of fifteen hours in a local office. In addition to receiving credit in school, the student also receives pay for satisfactory office work.

Students who take advantage of V.O.T. will discover that it offers specialized pre-employment training, an opportunity to practice in an actual job situation, an estimate of real interest and ability, earning while learning, assurance of immediate full-time employment upon graduation, and it develops a feeling of confidence in ability.

The V. O. T. head secretaries are, sitting left to right, Elsie Covington and Yvonne Brandon. Standing are Jane Carter, Virginia Carmichael, Orene Beverly, Peggy Francisco, and Iris Mitchell.

DIVERSIFIED OCCUPATION

Diversified Occupation is a program designed to provide vocation industrial training opportunities for high school juniors and seniors. It is a form of part time training that involves a co-operative arrangement between trade and the public high school. These trade and industrial establishments furnish part time employment and training of pupils during school hours.

Every year the D.E. students go to the State Convention and this year the D.E. scrapbook won a placing in the finals of the state contest.

ATHLETICS

Editor . . . Gerald Burton

"Halifax nine-fold we hail thee" were the words on the lips of many of the students of H.C.H.S. throughout the 1956-57 school year.

Through the season of rugged competition in football, victories and defeats in basketball and baseball, the Comets represented Halifax County High to the best of their ability. In the afternoons of strenuous practices and in the evenings of the many events, the Comets struggled endlessly to provide entertainment and a reputation that would go with them throughout the future.

Throughout this section of the HALISCOPE there are illustrations of the students and athletic activities they took part in. These illustrations represent only a minor part of the work and time it takes to turn out an athletic team.

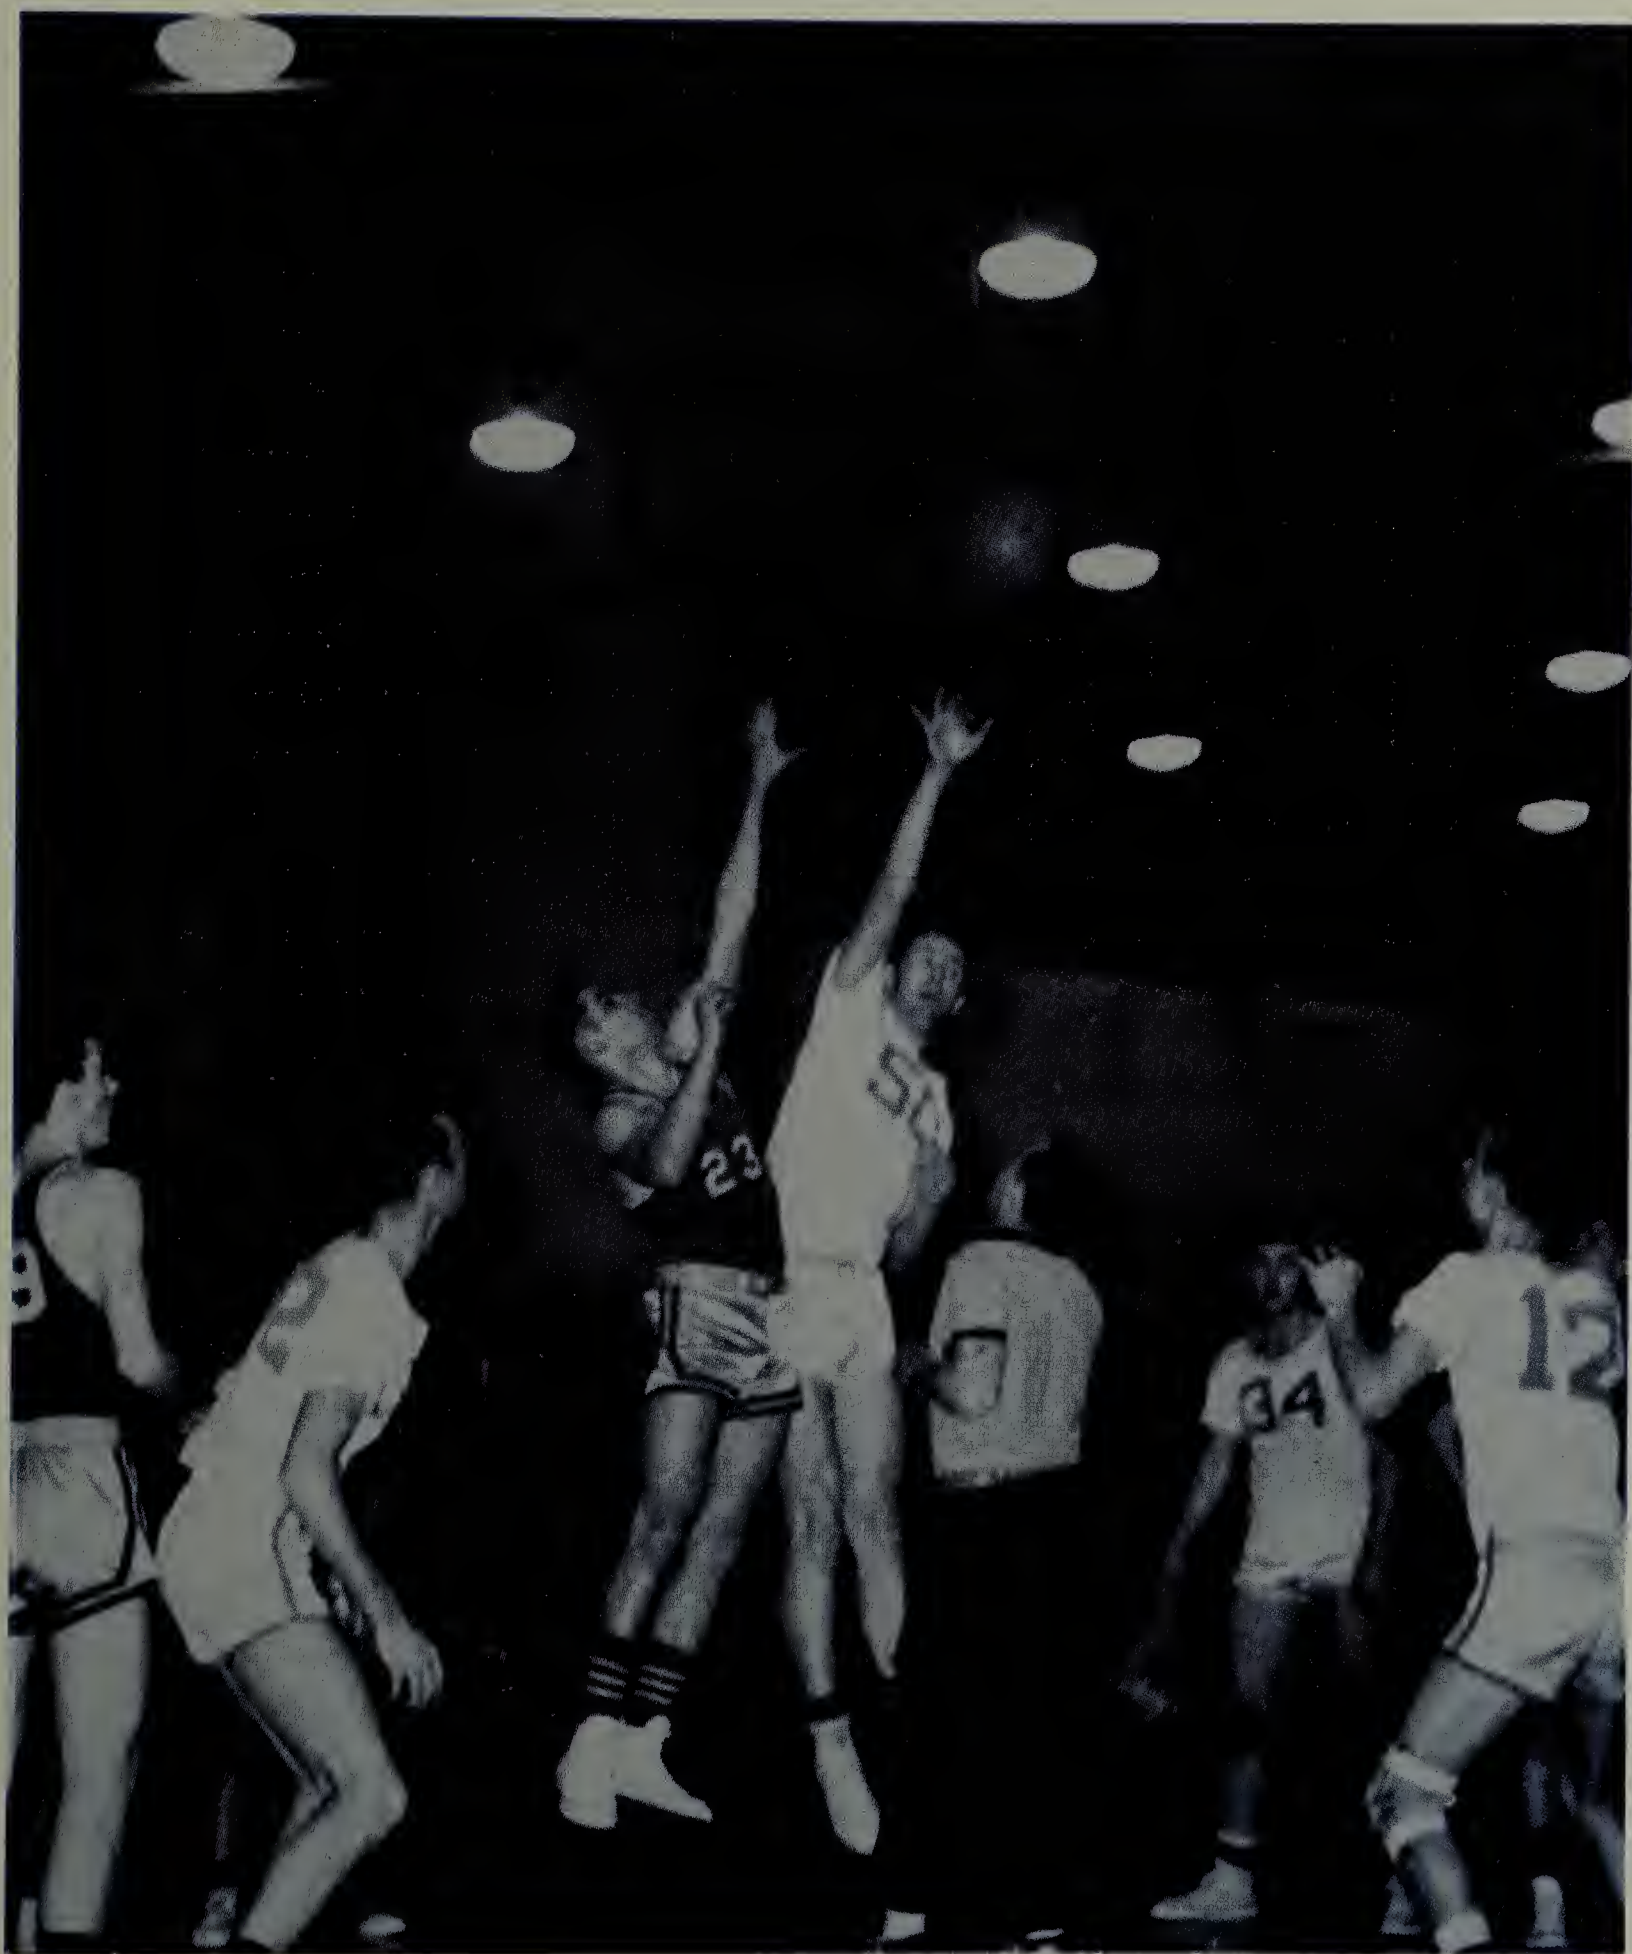

The participation of these members of the athletic teams are one of the highest honors a student can receive. The co-operation and friendship displayed among the members tends to serve as a great asset to them in the future. They have learned skills that can be used the rest of their lives in any situation.

Cheerleaders Dorothy Anne Sizemore, Jean Powell, and Mary Frances Kearse urge the fans to cheer the team on.

Baseball coach Hank Hamrick shows Donald Moore the proper way to bat. Harold Garrett is the catcher.

Hours of afternoon basketball practice pay off when the Comets meet and defeat visiting teams at the school gym on Tuesday and Friday nights.

Members of the football team are, first row, left to right, Lloyd, Crews, Bledsoe, Fuller, Sea-Lee, and Bowen; second row, Manager Wilkerson, Arthur, Carter, Burton, Billingslea, Hickey, and Manager Bennett; third row, Coach Edwards, New, Gilliam, Ramey, Barksdale, McLaughlin, Payne; fourth row, Kilgore, Garrett, Starnes, Hoy, Hawkins, Farmer, Wade, and Martin.

SEASON

The Comets opened their 1956 football season by journeying to Lynchburg where they met E.C. Glass High. Quarterback Gerald Burton scored the first Comet touchdown ever made against Glass; but it wasn't enough, as the Hilltoppers went to the air and handed the inexperienced Comets a 34-6 defeat.

Bluestone High allowed the Comets two first half scores and then couldn't retaliate quick enough as the locals took a 12-6 decision from the Barons for their first and only win of the season. Penalties were frequent and fumbles proved costly as the jittery Comets still showed a lack of experience.

After a very even, scoreless first half the Covington Cougars scored four second half touchdowns against a tired and undermanned H.C.H.S. eleven to win the game 25-0. The Comets were forced to play most of the second half with four first string men out of the game due to injuries and personal fouls.

Although the score by no means showed it, the Blue and White looked good in Roanoke as Burton was moved to fullback and Ramey was shifted to quarterback.

HIGHLIGHTS

The Comets moved the ball exceedingly well at times and scored once as Jefferson Senior won 45-6.

A fumble set up the only Park View score as the Dragons tied the Comets 6-6 before a large H.C.H.S. homecoming crowd. Again fumbles and penalties hurt the Comets, who were surprised by the scrappiness of the visitors.

The Comets played their best game of the season against one of their toughest foes, Hampton. The Blue and White moved the ball all night and put the undefeated Crabbers behind in a game for the first time in the Hampton season. Hugh Colvin scored the H.C.H.S. tally on a 77 yard scamper but Hampton rebounded to stop the tiring Comets 26-6.

The last four games on the Comet schedule were all losses and all muddy. The Bassett game was played entirely in the rain with the Bengals coming out on the long end of a 21-13 score.

The Comets lived up to their standard of playing fairly good ball against the stronger teams as they battled fiercely before succumbing to Salem 13-27 and Petersburg 7-19. In the last game George Washington High of Danville eked out a 13-6 victory over a tired-out but fired-up Comet eleven, who ended the game on the opponents six yard line.

PEP CLUB

To promote school spirit and to encourage the fans to back the H.C.H.S. athletic teams are main objectives of the Pep Club, which was organized last year.

In order to become a member of the Pep Club, one must be willing to be present at all of the varsity home football and basketball games except one during the year. The members are also expected to attend, as much as possible, the junior varsity home games, and if it can be arranged, they journey to those away from home.

The officers of the Comet Pep Club are, center, President, Maxine Jennings; left, Vice President, Myrna Powell; right, Secretary, Betsy Patterson; behind, Treasurer, Harriet Satterfield.

The members of the Pep Club are, first row, left to right, Overby, Weat, Brown, Balse, Priest, Carter, Harding, Patterson, Hall, Smith, and Jennings; second row, Bane, Younger, Chaney, Bradshaw, Webster, Broome, Talbott, Covington, Hupp, Williamson, and Budner; third row, Owen, Dunn, Morningstar, Burton, Stanford, Tuck, Puryear, Newton, Satterfield, and Cavanaugh; fourth row, Powell, Coates, Lacks, Martin, Shepherd, Crenshaw, McCraw, Spencer, Chappell, and Dunn; fifth row, Moorefield, Moorefield, Lacy, Snead, Roberts, Marilla, Melbar, Patterson, and Gould; sixth row, Loftis, Newton, Thompson, Long, Murray, Prevatte, Tillman, Benoit, and Satterfield.

VARSITY CHEERLEADERS

Head Cheerleader
Dorothy Anne Sizemore

"Give me a "C"! Give me an "O"!"

This was the familiar cry of the Halifax County High School cheerleaders at the 1956-57 football and basketball games. Leading the cheers at these athletic events was only part of the cheerleaders' activities. Decorating goalposts, and planning pep rallies and homecoming activities completed the year's schedule.

Ten cheerleaders are elected each year by the Student Council president and president-elect, members of the faculty of the Physical Education Department, and the graduating cheerleaders.

Cheering at the junior varsity football and basketball games and the bringing of spirit into the fans present are the most important purposes of the J.V. Cheerleaders.

This years J.V. cheerleaders have to the best of their ability brought spirit and zest to the hearts of many of the fans while they attended the H.C. H.S. J.V. activities. These girls are to be commended for a job well done.

Junior varsity cheerleading prepares the person for the oncoming years of varsity activities, but most of all it prepares one to become a leader for Halifax County High School.

In The Classroom And On The Playing Field

Mrs. Grace Seat is giving her physical ed. class callisthenics before engaging in class activity.

Mr. Gene Lucas is giving his physical ed. class a lecture in first aid. This is a course prescribed for all H.C.H.S. physical education classes.

Here is a girl's physical ed. class engaging in class activity. This goes on three days a week during the winter season.

The eighth grade boys physical ed. classes are engaging in class activity. After three quarters of class activity inside, the boys and girls serve three quarters out-of-doors.

The physical education department has been greatly improved throughout the school year. There has been a much better system worked out for the participation of students in all types of gymnastics. Approximately 936 pupils were enrolled in the thirty-five physical ed. classes at H.C.H.S.

Approximately \$650 in equipment is made available to these students. The faculty of the department are fully qualified and give their all for the success of the physical education department. The students under these teachers should be proud to serve under their leadership, for they help a great deal in teaching one to build his character.

Physical Education Helps Build Better Character

FEATURES

EDITOR CAROL POOLE

It is with great pride that we present this, the feature section which signifies something extra special, something truly to be presented with pride. Exhausted though we were from the many days of work on homecoming, we watched with great admiration that night as the band played "Sweetheart of Sigma Chi" and the convertibles drove majestically down the field for the highlight of the evening--the crowning of the queen. We watched in exaltation as another of H.C.H.S.'s beauties was crowned Miss H.C.H.S. We have much to treasure in our memories of the fun and hard

work that was put into the presentation of our four plays "Time Out For Ginger", "The Valiant", "Death Takes A Holiday", and "January Thaw". We will never cease to remember how we felt from the time the curtain rose on "first night", and how much we welcomed the warm reception of the audience. We could not complete our feature section without the mention of the highlight of the year--the Junior-Senior. We will always cherish the memories of that night when we danced around a beautiful, bubbling fountain to the theme, "Three Coins in the Fountain".

Stagehands Colman Starnes, Gerald Morton, and Weldon Shelton are conscientiously at work on a set.

Grad and students talk over old times at the homecoming dance.

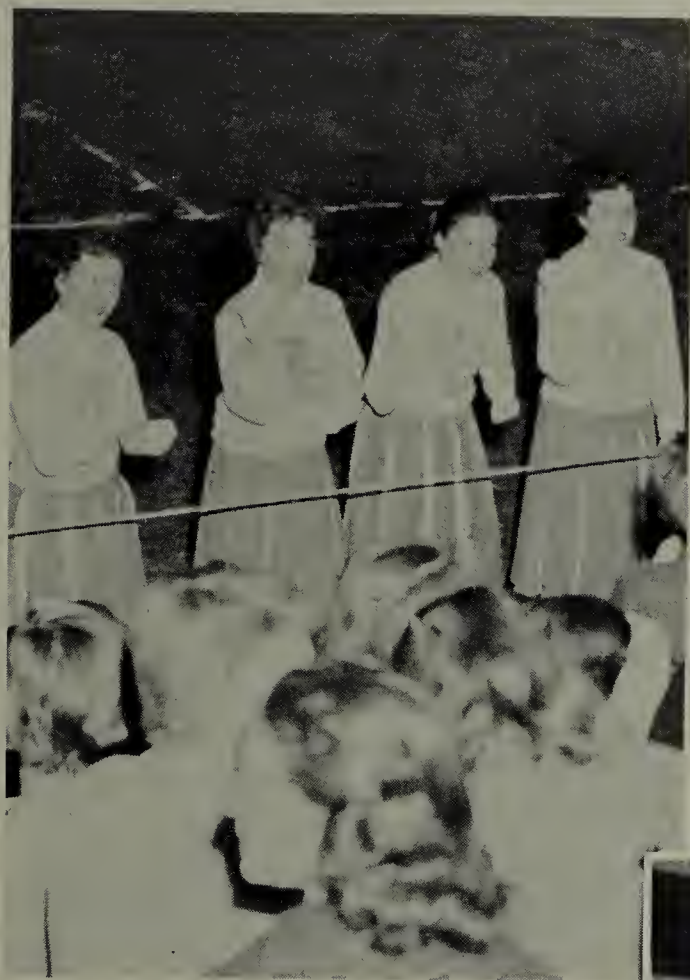

Father Scribby Cheatham gives advice to daughter Carol Poole on how to handle boys while Mother Betty Elliott listens in the Thespian Troupe play "Time Out For Ginger".

BOOK V

Homecoming queen Sara Lou McCanless, center, and her attendants Sandra Dixon, left, and Pat Chaffin, right, welcome the Homecoming crowd.

Cheerleaders Carol Poole, Eva Jane Wilkerson, Betty Elliott, and Lorene DeJarnette urge the crowd to yell.

Students and alumni enjoy the Homecoming Dance.

The Comet Band strikes up a lively tune during the Homecoming game.

THE STORY OF A FOUNTAIN

Tall trees from little acorns may grow, but it takes lumber, an electric motor, water, crepe paper, and no small amount of blood, sweat, and tears to make a fountain flow; or so Wayne Hoy, Harry Dunn, Louis Lacy, Don Adams, and Tommy Gilliam discovered when they began work on the nine-feet high fountain that dominated the decorations for the prom. In the center picture, Tommy, with a look of apprehension, puts the final tier in place as other juniors look on. Lower left, the fence goes up and the "rocks" are stapled into place by Maxine Jennings, Gerald Burton, Eva Jane Wilkerson, Horace Heath, and Lorene DeJarnette. On the opposite page, with the work completed, Tommy Gilliam and Dorothy Anne Sizemore, Decoration Committee co-chairmen, take a tired, but happy look at the finished product.

ADVERTISING

To the patrons and to the advertisers without whose cooperation there could have been no HALISCOPE, go the thanks and appreciation of the class of 1957. Now that we have completed our task of creating a yearbook which portrays the activities of this year, we realize more than ever how much we are indebted to those people who have made this publication possible.

Supporting the HALISCOPE is only one of the many ways they have aided Halifax County High School. Our advertisers have given a helping hand to many of the activities of our school. They are always willing to cooperate by lending

scenery for school dramatic productions; by constantly backing up all Comet teams; by printing tickets and programs for plays, social events, and other school activities; by taking part in pep parades; and by providing refreshments at many of the dances at H.C.H.S.

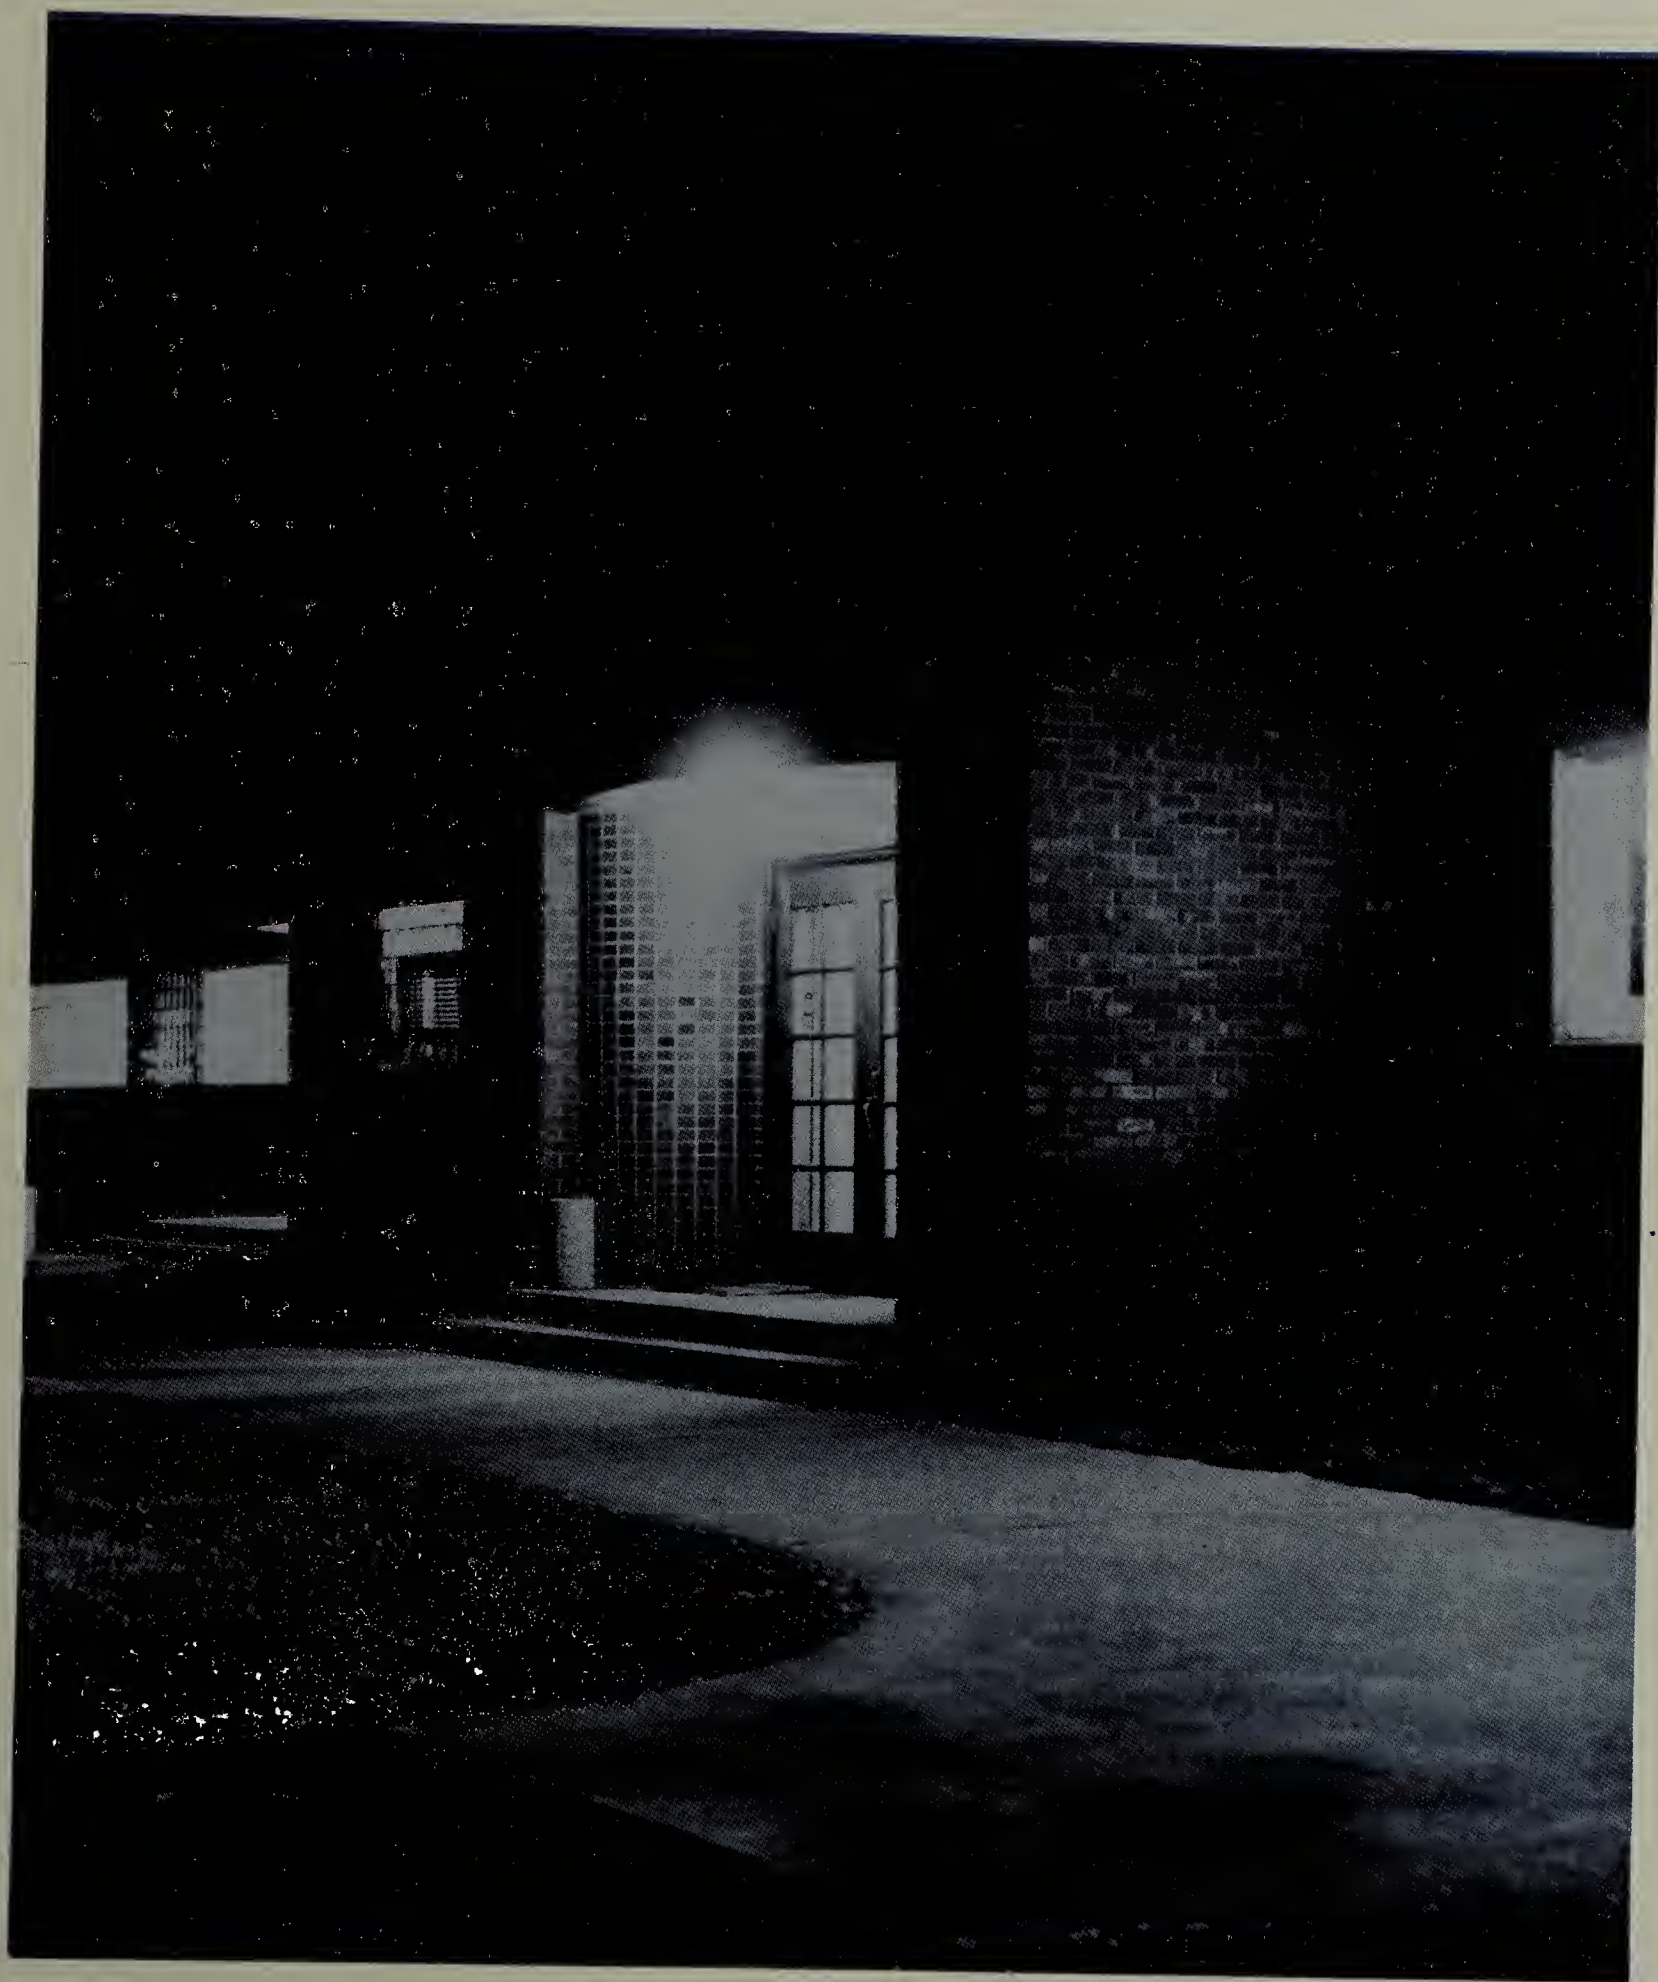

Without the guidance, support, and cooperation of the business firms in our community, activities at Halifax County High School could never be as successful as they have been in the past. We wish to extend our heartfelt thanks to each of you.

Mae Franklin, business manager of the STAR, and Mr. Eddie Greene at the South Boston News-Record Advertiser Printing Office look over the new layout of ads in the school newspaper.

Merle Bradshaw and Patty Roark are two of the many girls who've found that Wilborn's Hardware is the place to find dishes for that hope chest.

Whether by day or by night, as in the above picture taken by Tommy Gilliam, Halifax Mills of Pacific Mills and Burlington Industries has always welcomed H.C.H.S. students to its doors.
